

## Curb On Carelessness And Sabotage, Observance Of Safety Rules Of Importance For Security, Says Assistant Defense Secretary

**John A. Hanna Warns Of Weakening U.S.**

In a restive world on this Independence Day when Americans throughout the nation are observing the anniversary of the step that broke the colonies away from Great Britain and founded

the United States of America—Y-12ers can well turn to study the importance of security for the plant and the country. A message from John A. Hannah, Assistant Secretary of Defense for Manpower and Personnel, warning against carelessness and sabotage and stressing the importance of safety is particularly timely.

**Keeping Alert Held Helpful To Country**

Hannah's message follows in full: "Everyone realizes that a saboteur hidden within a defense plant can cause untold damage and disruption, but the important thing to remember is that a careless worker can cause just as much trouble.

**Loss Just As Great**

"If a spark from a carelessly handled acetylene torch sets fire to an important plant, the loss is just as great as it would be if a saboteur had done the job. In either case, production is stopped. In either case, America's great industrial strength is weakened—perhaps only temporarily—but nevertheless weakened.

"A great industrial plant, gutted and devastated, represents the financial loss of all those whose jobs went up in smoke with the factory. It stands as a symbol of disaster and ruin to the owners. It is a reminder of a weak spot, newly created in our national defense structure.

**Grim Thought, But True**

"It's a grim thought, but the truth, that your job and maybe your life, could be snuffed out by a huge bomb falling from the sky or from a tiny spark falling from the end of a cigarette.

"Whether caused by a saboteur too smart to be caught or by a worker too careless to observe the rules of safety, the results could be disastrous.

"Safety regulations were set up for your protection—and the protection of your plant. They are based on scientific study of hundreds of industrial plants over a period of years.

**Safety Devices Best Friend**

"To help you make your work easier, many safety devices have been developed. Use them, take care of them, respect them—they may turn out to be your best friends.

"Plant protection rules become meaningless and ineffective when the workers become careless and indifferent.

"So, practice the rules of safety. Make good plant protection habits a part of your daily routine. Help keep America strong by keeping yourself alert.

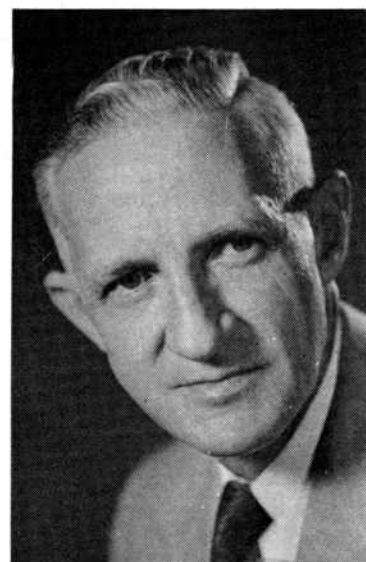

"American production is one of the greatest weapons for freedom in the world today. Do your part to protect it. Use common sense—be careful."

**'NEW LOOK' SAID ATOMIC**

Doris Fleeson, Washington Star columnist, says many United States senators have decided that the "new look" around the Pentagon is atomic, taking the view that the nation will never agree to any international control of military atomic energy.

**FOURTH OF JULY HOLIDAY OBSERVANCE SET MONDAY, JULY 5**

As the Independence Day Holiday for all Carbide plants falls on Sunday, July 4, the holiday will be observed on Monday, July 5. No Y-12 personnel will be required to work on that day except those required for the protection and continuous operation of the plant.

Ray J. Barron

## Barron Transferred To South Charleston

**Office Manager Has 27 Years Of Service**

Ray J. Barron, Office Manager of the Manufacturing Office Division since February, 1948, has been transferred to the South Charleston, W. Va., plant of Carbide and Carbon Chemicals Company. The change is effective on Thursday, July 1, and Barron plans to leave Oak Ridge today with his family to assume his new duties.

**Employed in 1927**

Barron is the oldest Carbide employee from the standpoint of Company Service in Y-12. He went to work for Carbide on April 11, 1927, as a timekeeper in the Construction Department of the Company at South Charleston. During the succeeding years he advanced to the post of Supervisor of the Payroll Department at South Charleston.

In January, 1944, he came to the K-25 Plant and assisted in setting up the Payroll Department there, spending three months on that assignment before returning to South Charleston. In May, 1945, he was permanently assigned to K-25 as Assistant Office Manager, remaining there until his transfer to Y-12.

**Honored by Company**

After completing his 25 years Service on April 11, 1952, Barron, along with other Carbide employees who reached the quarter-century mark of Company Service were honored at the annual Carbide dinner for such employees. The 25-year men all received handsome gold watches on this occasion.

Barron was married in 1931 to Miss Opal Estep. They have two sons. Robert, 21, is a former Y-12 employee and now is in the United States Army in Germany. John, 9, is in Oak Ridge. Barron was born in Streator, Ill., on March 21, 1906.

**BRITON URGES SANITY**

An Associated Press story recently reported that Air Marshal Sir John Slessor in a talk over the British Broadcasting Corp. saw no doubt that atomic and hydrogen bombs would be used in another war. He warned western Allies against "taking leave of our senses and agreeing to atomic disarmament."

## Awards Group Will Meet Today To Pick Articles

**Another Safety Period Looms In Y-12 Plant If String Unbroken**

With one Carbide Safety Period already established this year and another well on the way, the Y-12 Safety Award Selection Committee composed of representatives from all divisions in the plant will meet at 10 o'clock this morning to pick seven articles to offer eligible employees for their part in establishing the 10th Carbide Safety Period in Y-12 since 1947. The committee will meet in Conference Room No. 209, second floor, Bldg. 9704-2.

**70 Days Without Accident**

The Carbide Safety Period for which the individual safety awards will be presented employees on the payroll during the period extended for 70 days, beginning on February 26 and ending on May 5. During that time a total of 2,129,426 man-hours of work were posted without a disabling accident.

The latest period of safe operations in the Y-12 Plant Area began on May 11, and through last Sunday an estimated 1,398,720 hours of work had been performed without a disabling accident. At this rate another Carbide Safety Period minimum mark of 1,500,000 man-hours of work without a lost time accident will be reached tomorrow, Thursday, July 1.

**Ball-Point Pen Added**

An assortment of 20 attractive articles has been assembled by the Safety and Purchasing Departments from which the Safety Award Selection Committee will select seven. Three of the articles will be suitable for men, three for women and one appropriate for either.

In addition to the list of articles published in The Bulletin last week, a Parker ball-point fountain pen has been added. The other articles include wallets for men and women, windproof ash-tray, silent butler, salad bowl and fork set, screw driver and socket wrench set, coaster and ashtray set, lazy Susan server, four-piece salad chef set, eight-piece TV snack set, bun warmer, Pyrex refrigerator set, TV table for serving snacks, three-gallon gasoline can, outdoor barbecue set of spatula, spoon and fork, two-cup electric percolator, folding lawn chair with arms, double-tray tackle box, 20th Century fishing bag and a mechanical pencil on

A FEW LINES FOR READING ON

## THE FOURTH OF JULY

They say that you're fearful, afraid, Indiana, Utah, Maine, and the Carolinas, Georgia, Ohio, and the Dakotas—States. People. Americans . . . They say that you're fearful, Vermont, California—

Fearful of what? Of whom? And why? Why is the big Question, Oregon, Washington—(Washington, who were you named for, anyway?) Illinois, Montana, Arizona, Nevada, Oklahoma, Missouri—All the Great 48—all fearful, afraid

They say. They—fearful little men in big city towers, in ivory towers, Whispering, muttering: words, maledictions, woes, predictions, Suspicions—GLOOM . . . DOOM—

Fearful little men with books and pens, Oracular, vernacular, picture-tubes, mikes—

Do they know America? Do they feel America? Do they know you, great united states, great plains and mountains?

You're not afraid, are you? Louisiana, Nebraska, Kansas, Oklahoma . . . Or are you?

Remember, today the Fourth of July, that there was a July 4, 1776, when 13 puny Colonies with no Army or Navy, no nothing at all but brave, brave hearts—13 poor little patches of patriots, Americans, who stood up bold to the King of England and the might of his Empire, and boldly, bravely

"RESOLVED: That these United Colonies are, and of Right ought to be, Free and Independent States; that they are Absolved from all Allegiance to the British Crown; and that All political Connections between them and the state of Great Britain is, and Ought to be, Totally Dissolved."

## THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA.

And you, Forty-eight, are Afraid Today?

"I only regret," said Nathan Hale, "that I have but one life to lose for my country." . . . "I have not yet begun to fight," said John Paul Jones. . . . Remember them?

And the pioneers, the covered wagons, the unknown, the savages, the vast unexplored, the frontiers, the hardships—Remember Daniel Boone, Kit Carson, Jim Bridger, Davy Crockett; General George Custer on the Little Big Horn? Remember Sam Houston, the Alamo—What if they had been afraid!

Remember the Marines on Iwo Jima?

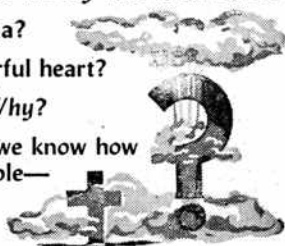

What is a heritage, Americans—a faint, fearful heart?

If we're afraid today, the Question is, Why?

We've got the Hydrogen Bomb, we know how to wipe out cities, to vaporize people—

Have we discovered that

and lost God? ?

## July Is Month Of Many Noted Anniversaries

July is a month of stirring anniversaries of great dates in American history and also of birthdays of noted personages. Just go down this list and see—

July 2, 1937—Amelia Earhart Putnam, famed woman aviator, disappeared on a flight over the South Pacific on her way in a proposed around-the-world trip. No trace of her was ever found.

July 4, 1776—The Continental Congress unanimously adopted the Declaration of Independence.

July 4, 1802—The United States Military Academy opened at West Point, N. Y.

Born on the Fourth of July—Calvin Coolidge, 23rd President of the United States; Nathaniel Hawthorne, author of "The Scarlet Letter" and other novels; and George M. Cohan, whose songs included "I'm a Yankee Doodle Dandy," "Over There" and "It's a Grand Old Flag."

July 18, 1747—John Paul Jones, noted United States naval commander in the Revolutionary War, was born in Scotland.

July 20, 1881—Indian Chief Sitting Bull and 185 of his followers surrendered to United States Army troops in Dakota Territory.

The jewel of the month is the ruby—the flower the larkspur.

Remember—Only you can  
PREVENT FOREST FIRES!

THESE YOUNGSTERS—TWO OF THEM BELONGING TO H. D. DUNCAN of the Y-12 Planning and Estimating Department—are having a big time playing in—yes, it is snow. From left are Jimmy Kearl, a nephew of Duncan, Jane Duncan and Buster Duncan. The picture was made at Grand Mesa, Col., elevation 10,500 feet, while the Duncans and Colorado kinfolks were on a picnic. The snow is left over from the winter fall but was rapidly melting as a result of 70-degree weather when the picture was snapped by the Y-12er on June 8.

Didja hear?  
Old bankers never die—they just lose interest.  
With that gem out of the way here's the chit-chat around Y-12.

### TECHNICAL

Comes words from Edna Fine, Y-12's only gal in the Armed Services, 'way out at Hamilton Field, Cal., in the Air Force. For anyone corresponding with her she has changed her organization address and has a promotion to A/2C. She is with Hqs. W.A.D.S., Sq. P.O. Box 1427, Hamilton Air Force Base, Cal. When a Y-12er she was with the Chemical and Industrial Engineering Department . . . That department also reports Peggy Cowan is on vacation visiting Mr. and Mrs. Hobey Thomas (he's an ex-Y-12er) at Hampton, Va., thence to Virginia Beach . . . Frank Fuis and folks are visiting in Missouri . . . C. V. Barnes is over in Nashville for a week . . . Roy Byrd is vacationing at home in Knoxville and M. B. Bridges is doing likewise.

Wilma Brock, of Health Physics, is ailing after a tonsilectomy.

### ALLOY

Alloy Division folks are scattered all over the place on vacations . . . J. P. Wood and E. E. Bell are in Daytona Beach and S. B. Underwood got as far as Jacksonville . . . J. F. Brown headed the other way, landing in Michigan and Canada . . . Babara Guettner is visiting in Centerville, Ind. . . Helen Gombita also is in Indiana—but it's a town in Pennsylvania . . . Richmond and Newport News, Va., attracted Harry Davis and H. G. Gilbert is in Roanoke . . . J. M. Harris is in Montgomery, Ala., and Wanda Livesey somewhere in Georgia . . . J. F. Chamblee is visiting in Leeland, Miss., and also with his parents in Chattanooga . . . M. Stout liked Cumberland Falls, Ky. . . Closer home are T. J. Wilson, camping on Watts Bar Lake—R. G. Walker, E. F. Swaney and L. Thurman fishing in the vicinity and J. D. Vanoy is on his dad's farm at Lone Mountain . . . Betty Jo Cochran is alternating between Oak Ridge and Maryville . . . Jodelle Oakes spent a recent week end in New Albany, Ind.

### CHEMICAL

E. V. Larmoyeux, Chemical Department, is combining a vacation and honeymoon but is silent on the destination . . . Jim Arrington, W. H. Miles and B. F. Thomas also are vacationers.  
The Steam Plant's A. H. Nor-

man is visiting a brother in Jacksonville, Fla.

### INDUSTRIAL RELATIONS

Waynetta Patterson, of the Cafeteria, and her husband had as their guests last week Euell Peague, a former Y-12er.

### MECHANICAL OPERATIONS

H. G. Dyer, of B Mechanical Operations, his wife and two youngsters are back after a tour of the Florida coasts—West and East . . . At St. Petersburg they saw a waterspout—a sorta sea-going cyclone or tornado that is an awesome sight. This added to fish stories—provided lots of conversation . . . The department extends sympathy to the family of James L. Long, who died last week—also to H. L. Brown, who lost his wife a few days ago . . . H. P. Smith is vacationing in Athens, Tenn., and R. T. Watt at Detroit Lakes in Minnesota.

The General Machine Shop reports Floyd Ludwig at Denver, Col. . . W. H. Rogers fishing in Florida . . . Lyle Lankford and family in Cleburn and Dallas, Tex., visiting kin folks . . . B. A. Murr in Washington, D. C. . . Returning was P. D. Wirey from Indianapolis, Ind. . . Quite a few sick folks have get-well wishes on the way, including George Ferrell, G. W. Byrge, W. E. Chadwick, E. A. Fritts, J. R. Ray and R. C. Winfrey.

Note to all you Y-12 vacationers—don't forget that The Bulletin would like to publish pictures of activities on your trips. Just bring or mail them to the Y-12 Bulletin, Bldg. 9704-2.

### MAINTENANCE

Raymond Caton, Buildings and Grounds, is visiting in Wichita Falls, Tex.

Planning and Estimating people are congratulating Al Conte over the recent birth of a son—little Richard Leroy checked in on June 21 and weighed seven pounds, nine ounces . . . Tom McNamara is back in the Oak Ridge Hospital and sincere get-well wishes go to him from the department and his many pals around the place . . . Phyllis Terry also is ailing and friends hope she will be back soon.

L. L. Wilcoxon, of Salvage is vacationing at Kingston, Tenn.

Field Maintenance has representatives in Florida this week—to wit—T. L. Boggs at Daytona Beach, K. L. Webber at Clearwater, B. E. Burdett dividing time between Panama City and Alabama and A. L. Rainwater also at Panama City . . . D. E. Bell is in Oklahoma . . . W. H. Patterson is touring the Carolina beaches and Norfolk, Va. . . R. E. Patrick went home to Arkansas . . . Gainesville, Ga., has C. N. Cagle as a visitor . . . Most other vacationers are nearby—E. F. Dykes fishing around Knoxville, T. W. Noe at Morristown working on his home, D. J. Woods visiting up at Bristol, M. B. Franklin rambling around Jenkins, Ky., Kingsport and Cleveland, Tenn., A. R. Melton at Etowah and E. C. Underwood right at home in Oak Ridge . . . (Heck—this goes on and on) . . . Al Groppe is out at San Diego, Cal., and will bring his son, Wayne, a former Y-12er and now a sailor for Uncle Sam, back home on leave . . . O. B. Wray is visiting a sister in Kentucky and B. L. Mowell also is in Bluegrass State at Lexington . . . R. H. Buchanan is at a homecoming over in North Carolina . . . H. R. Dyer is visiting his son at Great Lakes Training Station near Chicago and also is going to Milwaukee . . . W. P. Weatherly is visiting relatives in Illinois and

### THE BULLETIN TO BE DISTRIBUTED DAY LATE BECAUSE OF HOLIDAY

Because the Fourth of July holiday falls on Sunday and will be observed on Monday, the Y-12 Bulletin, usually mailed on Tuesday, will not be distributed until Wednesday so will be received by most Y-12ers on Thursday—one day late for the July 7 edition.

### 10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days—

Thomas H. Allison, Guard, July 1.  
Chester R. Fultz, Laboratory Operations, July 1.  
Rachel R. Mitchell, Janitors, July 1.  
Arnold Tiller, Insurance, July 3.  
William C. Walker, Product Processing, July 3.  
Madeline S. Franklin, Uranium Control, July 3.  
Mark D. Varnadore, Jr., Buildings and Grounds, July 3.  
Billie G. Ramsey, Product Processing, July 5.  
Omer D. Cloyd, Guard, July 5.  
Toy S. Moody, Beta 4 Maintenance, July 6.  
Porter L. Holland, Research Services, July 6.  
Charles B. Burnette, Production Analysis, July 7.

### Diffraction Studies Topic Of Physics Seminar Talk

"Neutron Diffraction Studies of Alloys of Transition Elements" will be discussed at the weekly meeting of the Oak Ridge Physics Seminar at 3:15 o'clock Friday, July 2. The meeting will be held in the auditorium of Bldg. 4500, Oak Ridge National Laboratory and the speaker will be C. G. Shull, of the ORNL Physics Division.

### CLARK - HALE

The forthcoming marriage of Miss Elogene Clark, of the Y-12 Wage Standards Department; to Robert L. Hale has been announced by grandparents of the bride-elect, Mr. and Mrs. J. A. Greenway, of Nitro, W. Va. Hale is the son of Mr. and Mrs. E. A. Hale, of Clinton, Tenn.

The wedding will take place at 6 o'clock Friday night, July 2, at the First Methodist Church of Oak Ridge. The Rev. Frank Porter will officiate.

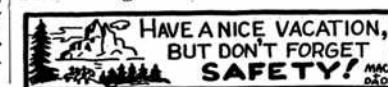

Miss Clark graduated from the Nitro, W. Va., high school. Hale graduated from the Oak Ridge High School and after serving four years in the United States Navy now is attending the University of Tennessee.

Miss Betty Lou Hudnall, of the Y-12 Chemical and Industrial Engineering Department, will be maid of honor for Miss Clark. Bruce D. Hale, of the Alloy Division, will be best man.

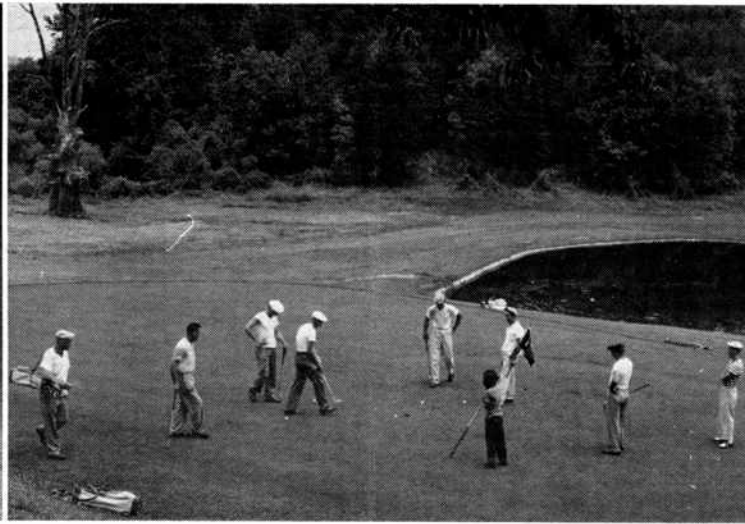

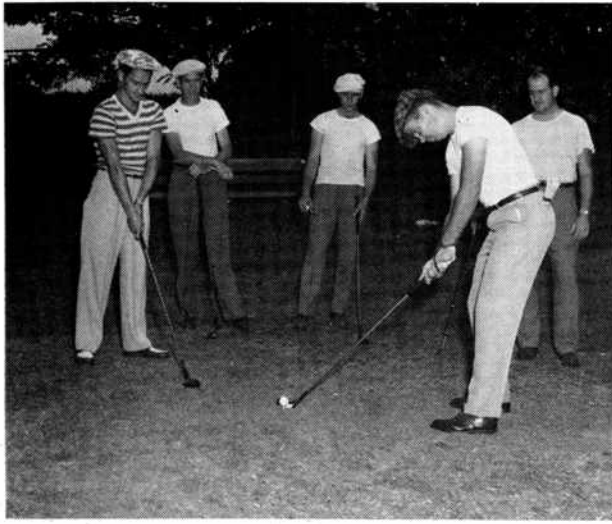

The following Y-12 employees were patients in the Oak Ridge Hospital last week:

Madeline Franklin and Barbara A. Bond, Uranium Control; Letus Driver, B Mechanical Operations; Fletcher DeFord, Research Services; Wilma J. Brock, Health Physics; Arthur C. Wampler, General Utilities; William A. Eubank, Uranium Processing; W. T. McNamara, Planning and Estimating; Robert J. Thorn, Product Processing.

THEY'RE OFF AND SHOOTING AT DEANE HILL IN THE Y-12 Golf Tournament in the picture at left. Sewell Brown is preparing to drive while looking on from left are Eddie Roberts, Roy Roberts, Art Stewart and Ray Whitehorn. Two

foursomes congest the 18th green to hole out for their day on the links in the center picture. From left are Bill Mee, Pat Patterson, Art Stewart, Roy Roberts, Don Pitt, Bill

Stanton, Sewell Brown and Eddie Roberts. At right another group finish up their day's sport, from left being Elmore Koons, Joe Dunlap, Clarence Johnson and H. D. Duncan.

AFTER ALL THE SHOOTING WAS OVER THIS GROUP OF SERIOUS-faced golfers gathered around the scorer's table to learn the outcome. Seated at the table are Al Sawyer, back to camera; Ralph Pearson, of the Recreation Office and keeper of the records; and Gene Huskisson. In the rear are George Heins, Bill Mee, K. Kasey, W. W. Smith, Roy Roberts, Ernest Kennedy, A. Stewart, Pat Patterson and Sewell Brown.

THE WINNAHS!!—OR SOME OF THEM AT ANY RATE. FROM LEFT are Bill Hays, low net score of 61; John Snyder, member of the winning team; Paddy Peckman, most fives; and Bill Stanton, most sixes. Some of the many handsome prizes presented to various winners are shown.

## Bombers, 49ers Deadlocked For Top In Plant League

First Half Championship Will Be Decided By Playoff Game On July 9 At Midtown Field

The "B" Shift Bombers, managed by Coleen Shotts, clinched a tie with the 49ers for the first half championship of the Y-12 Plant Softball League last week by winning over Maintenance by 14 to 1 and by spanking the Guards by 10 to 5. A playoff game between the Bombers and 49ers has been set for Friday, July 9, at 6:15 p.m., at Midtown No. 2 Field.

Bill Rains chunked a three-hitter against the Guards while Gib Hatmaker and Elmer Johnson led the winners with two hits each. The Guards, managed by Howard Burnett, put up a gallant fight by battling right down to the last wire. The Bombers rolled over Maintenance with ease by scoring seven runs in the first three innings and then continuing to blast the ball throughout the contest. Hatmaker gave up only four hits while Bledsoe slammed out four hits including a home run in the third inning. Montgomery hit a homer for Maintenance.

In the last scheduled game of the first half, Maintenance defeated the Guards by 27 to 1 as "Lefty" Jones twirled a one-hitter. George Everett got five hits to lead the hitting parade for the winners.

Schedule for the week of July 6 follows:

Tuesday, July 6—6:15 p.m., Engineers vs Bombers. 7:45 p.m., ADP vs Maintenance.

Wednesday, July 7—6:15 p.m., Guards vs Engineers. 7:45 p.m., Bombers vs Steamers.

Thursday, July 8—6:15 p.m., Bombers vs Guards. 7:45 p.m., Steamers vs Engineers.

The Y-12 Pistol team fired against the league leading Oak Ridge National Laboratory sharpshooters last week at the Oak Ridge Sportsmen's Association range with the Y-12ers taking handicap honors while ORNL won the scratch events. Total scores for Y-12 were 1263 scratch and 1443.883 with handicap.

J. C. Ezell led the scratch scoring for Y-12 with 265; followed by T. J. Bush 260; P. H. Williams 259; W. R. McIntosh 242; R. L. Vanderpool 237; C. G. Brewster 231; O. C. Beatty 217; M. L. Woodward 210; D. R. Alford 194; and Jim Rowan 184. Handicap firing also was led by Ezell with 290.788; followed by McIntosh 288.522; Bush 288.480; Beatty 288.131; Williams 287.962; Vanderpool 287.677; Brewster 286.007; Rowan 284.804; Alford 283.570; and Woodward 283.548.

Next match for the Y-12ers will be on Thursday, July 15 against the Atomic Energy Commission pistoliers.

### Rippers Nip Gophers In Plant Golf Loop

The Rippers are staging a comeback in the Y-12 Plant League as they won 12 points from the league leading Gophers last week at the Oak Ridge Golf and Country Club. The Grand Slammers took high honors by winning 13 points from the Rough Riders while the Chippers nipped the Plugs by nine points to seven. Other league action saw the Hooks show improvement by winning 12 points from the Fat Boys.

Bill Bauman, of the Rippers, shot a sizzling 36 to take low gross honors while Art Hines, of the Gophers, Don Matlock, of the Hooks, and Bauman each had a 34 to share low net honors.

**James A. Long Funeral Held  
Last Thursday In Knoxville**

Funeral services were held last Thursday at the Rose Funeral Home chapel in Knoxville for James A. Long, 48, a machinist in the B Mechanical Operations Department of Y-12 who died Tuesday, June 22, at the Baptist Hospital in Knoxville. Interment was in Brookwaller cemetery. He lived on Dutchtown Road, Knox County.

Mr. Long originally came to work in Y-12 on January 2, 1945. He left the Company February 1947 but was rehired in June of the same year. He became ill on June 4 and remained in the Baptist Hospital from that time until his death.

He is survived by his widow, Mrs. Mattie Arwine Long; a daughter, Miss Helen Frances Long; a son, James Franklin Long; five sisters and three brothers.

**Y-12er Dies In Auto Crash;  
Brady Funeral Held Sunday**

Funeral services were held at 3 o'clock last Sunday afternoon for Everett Brady, 52, of the Y-12 ADP Maintenance Department, who was fatally injured early Saturday when his automobile was wrecked on the Oak Ridge-Clinton Road about two miles from Clinton. The services were held at a Clinton funeral home.

Brady's automobile skidded off the highway and dropped 30 feet to land beside a tree on the banks of the Clinch River.

Brady is survived by his widow, Mrs. Anna Brady; two daughters, Della, 22; Lois, 19; and a son, Cicero, 19. His mother, two sisters and a brother also survive him, living at Kirkwood, Mo.

In addition to the entree the lunch will consist of a vegetable, choice of salad or dessert and rolls and butter.

**Varsity Softies  
Get Five Wins****Good Hurling Marks  
Card, Robin Tilts**

The Y-12 varsity softball teams posted fine marks last week with an overall mark of five wins and only one loss. The lone loss was by the feminine contingent, the Robins, who dropped a 11 to 1 decision to the state championship Ragland team from Nashville on Saturday night at Oak Ridge. The Robins previously had registered wins over Corryton by 4 to 3 and over K-25 by 10 to 2.

**Cards Post Three Wins**

The Cardinals had three triumphs for the week. They eked out 1 to 0 wins over both the K-25 Blues and Mascot on some fine pitching by Loy and Morris Perry and grabbed an easy 8 to 6 edge over Cookeville in a clowning battle on Saturday night at Cookeville.

The Cards made one run stand up against the Blues Friday with Perry hurling a five-hitters, although his mates got but two safeties. Ralph Pearson came around on a walk, stolen base and Gene Huskisson's single.

**Loose Fielding Hurts Robins**

Loose fielding almost cost the Robins their tilt with Corryton Friday night, seven misplays being counted. Ella Mae Koontz, however, allowed but three hits as she continued her fine mound work. The state champions, however, found her for nine hits and the Robins made the same number of errors on Saturday night.

The Cards opened the second half of the Knox-Ridge League season in fine style last week by taking a 1 to 0 victory from Mascot as "Bullet Bob" Loy twirled another great game, this one a one-hitter. Kayo Montgomery doubled after two were out in the seventh inning and Bill Wilburn drove Montgomery in with a slashing single for the only run of the game. Wilburn replaced "Jiggs" Seivers behind the bat in the Mascot tussle. Loy whiffed 11 Mascot batters and walked six. Wagner was the losing Mascot pitcher.

**Koontz Having Good Season**

The Y-12 women also got off to a good start in the women's division of the Knox-Ridge Loop by taking K-25 into camp by 10 to 2. Ella Mae Koontz chunked a two-hit game for the Robins. Miss Koontz is having herself a great year by pitching fine games in each outing so far this season. Priscilla Savage clouted three singles to lead the Robins at the platter against K-25. Peggy Crews got the only extra base hit of the contest, a triple.

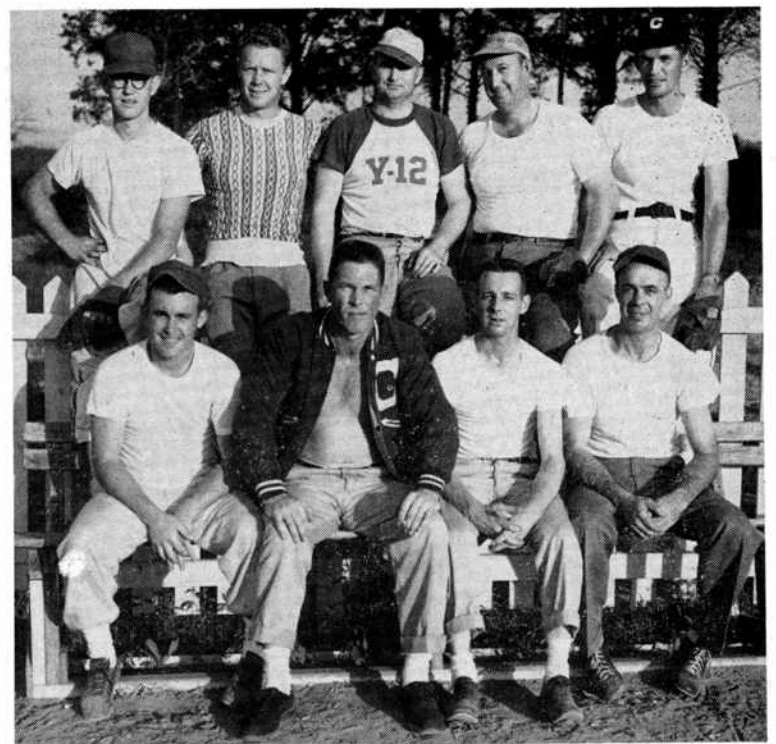

Scheduled games for the Robins in the near future follow:

Friday, July 2—6 p.m., Legionettes at Oak Ridge. Tuesday, July 6—9 p.m., Corryton at Oak Ridge. Friday, July 9—6 p.m., K-25 at Oak Ridge. The Y-12 women will

**Kay Presley Places  
High In Tournament**

Facing some of the nation's leading fencers, Kay Presley, one of the Y-12 Plant Area's top women athletes, reached the quarter finals of the national tournament of the Amateur Fencing League of America held in New York City, June 11-18. Between 75 and 80 women, some of them Olympic Games material, took part in the event and the local entrant declared herself well satisfied with her showing against the strong field.

She has been active in the sport for about two years and has won or placed high in regional and divisional events this year. She received her training in a class at the Knoxville Y.M.C.A.

Will Give Dance July 7**

The K-25 Carbide Girls Club will start the summer off with a bang next week by bringing the name band of Johnny Long and his orchestra to Oak Ridge. The "Johnny Long Festival" will be held from 9 p.m. to 1 a.m. next Wednesday night, July 7, at Myers Skating Rink. Club members invite all Y-12ers seeking entertainment to attend the affair. Tickets may be obtained at the door.

An added attraction of the program will be a floor show to be put on by the band.

Johnny Long, a native of Newell, N. C., got his start as a band leader while still in his teens. As a student at Duke University he formed a band of fellow students and they played engagements throughout the South. Besides conducting, Long plays the violin. Well-known record hits made by the orchestra include "Blue Skies," "In a Shanty in Old Shanty Town," and "Just Like That."
